Let Nothing Stop You

Hessen - there's no way around us.

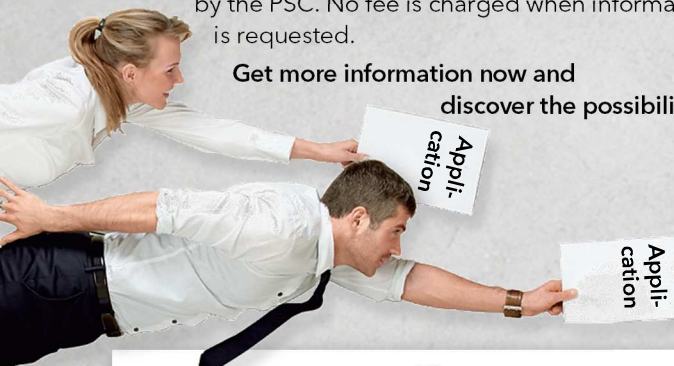

Applications. Registrations. Answers!

You want to become self-employed, found a company or set up a new branch location? You want to open a handicraft business, a restaurant, or a lawyer's office? You want to apply for a restaurant or a broker licence? Register, change or de-register a business?

The European Union initiated the Points of Single Contact program so that entrepreneurs, freelancers and the self-employed can reach their goals more quickly, with fewer administrative hurdles. The goal of this new institution is to eliminate bureaucratic obstacles in all member states of the EU.

The Hessen Point of Single Contact (EAH) is the central service point for entrepreneurs, freelancers and the self-employed who wish to establish themselves in Hessen or to modify their business details. If you make an application, the Hesse Point of Single Contact (PSC) will generally charge no fee. In exceptional cases, in the case of very extensive procedures with a high administrative outlay, the fee is based on the time taken by the PSC. No fee is charged when information is requested.

No Time? Go Online!

Free yourself from government office hours! Use your time more efficiently: spare yourself the relay race between government agencies. The services provided by the Point of Single Contact can simplify matters enormously, especially for new entrepreneurs who live far away from their future business location, perhaps coming from another state or even another country.

We also offer a completely new electronic application service. You can now submit your applications online at www.eah.hessen.de. Whenever you like, wherever you are: 24 hours a day!

The Point of Single Contact will assist you with filling out forms and submitting documents. It helps coordinate your application process by involving all the competent authorities (e.g. municipalities, chambers of commerce, trades associations). These will send their decisions to you electronically. And if you have any questions in the meantime, please do not hesitate to call us.

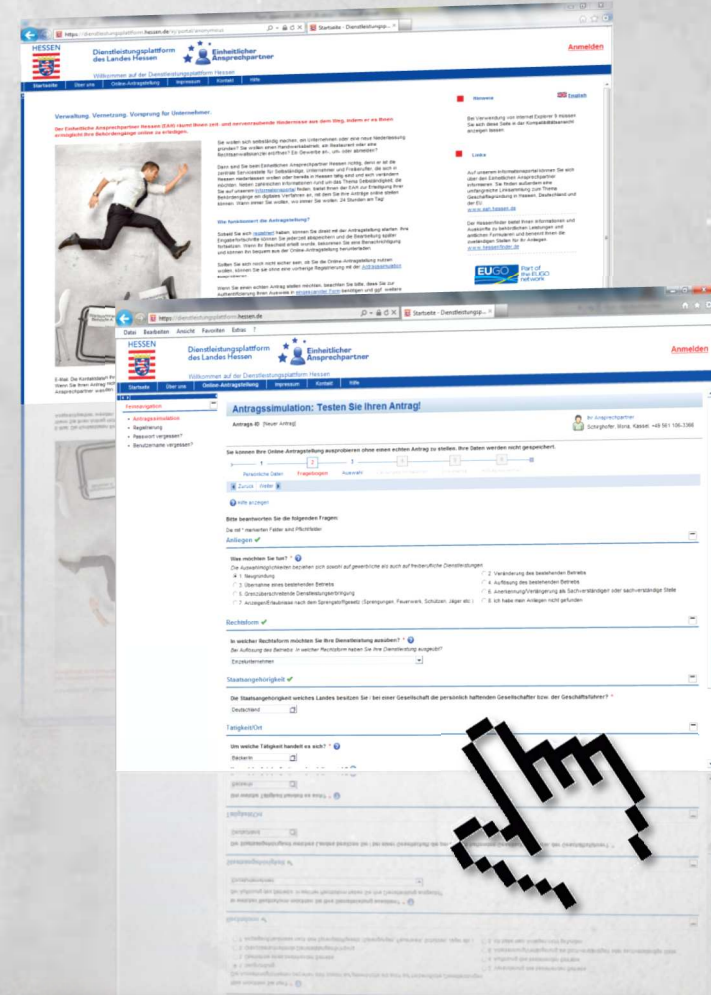

It's also possible for you to interrupt your online application at any time: you can simply save your details so far, and then continue again later, whenever you're ready.
